I certify that the solder used in the water supply system contains less than 2/10 of 1% lead as per 605.15.3 of the Plumbing Code of New York State.

I also certify that I installed an anti-scald and/or thermal shock preventing device at all bathing and/or showering fixtures in conformance with section 424.4 of the Plumbing Code of New York State, to mitigate the potential hazards due to shower valves that allowed surges of high temperature water to flow from the shower head.
